TEMPORARY WATER METER GUIDELINES

The following guidelines has been developed regarding temporary use of St. Lucie West Services District “SLWSD” water distribution system. Persons desiring to establish a temporary water source as the result of construction of new subdivisions or developments, residential and/or commercial construction, or other site-specific construction; pressure washing; or other reason will be required to apply for service.

1. Application for Service

Any person or entity requesting temporary water will be required to complete an application for temporary water meter service. Applicant must provide a deposit at time of application. Please inquire if a temporary meter is available. One (1) business day’s notice is required for application.

The SLWSD reserves the right to approve or deny any application for service.

Service applications are to be submitted to:

St. Lucie West Service District
Attn: Customer Service Department
450 SW Utility Drive
Port St. Lucie, FL 34986
(772) 340-0220

2. Fees

Fees shall be as provided in Chapter III of the Rules of the SLWSD.

2’ meter deposit \$1,000.00
Monthly base rate \$123.40
Water usage \$3.47 per 1,000 gallons

3. Installation of Temporary Water Meters

Upon application and payment of all required fees, the SLWSD staff will install the required meter assembly and backflow prevention.

Upon completion of installation by SLWSD, the Applicant will assume complete responsibility of the temporary meter either locked or unlocked.

The SLWSD staff will make every attempt to provide installation within one (1) business day of completed application and payment of fees.

4. Termination of Service

Prior to terminating the service, the Applicant must notify the SLWSD Customer Service Department at least one (1) business day prior to termination date to schedule the collection and inspection of the meter.

The Applicant is responsible for leaving the temporary water meter assembly in the assigned location. The SLWSD staff will collect and inspect the meter to ensure no damages to SLWSD property. If the Applicant is unable to be present during the collection of the meter, the Applicant must notify SLWSD.
